A b o u t U s

We **Best Forgings India Private Limited** are an **ISO 9001:2008 certified** company, a leading **manufacturer, exporter and supplier** of premium quality **Ferrous and Non Ferrous Forged Components**. Range of products offered by us is **Forged Parts, Forged Pipe Fittings, Forged Valves, Automobile Components, Flanges, Non-Ferrous Components, Electrical parts, Agriculture Parts and Machined Components**. We are guided by our visionary and highly experienced mentor **Mr. A. Mahalingam** on the tracks of success in the industry. In four years of our establishment, we have been able to **craft a niche for ourselves** and design norms of operating and meeting demands of our clients. Having expertise in designing, engineering and manufacturing products of high quality to meet demands of industry, we use premium quality raw materials sourced from trusted vendors.

We source our raw materials from vendors like **VISL, VSP, RL Steels and Mukand**. Products offered by us are quality tested by our quality experts at each stage of development to stand on international standards. Supported by the team of professionally trained and highly qualified people who are dedicated and self motivated, we are able to meet requirements of our clients and industries. People working with us come from diversified backgrounds and work together to achieve a single goal of meeting highest level of client's satisfaction and being market leaders. Every one working with us are expert in their field and work in units to maintain work flow.

Our state-of-the-art infrastructure and latest machinery installed in manufacturing unit is our greatest strength. For safe storage of products manufactured by us, we manage an evenly segregated warehouse near our factory area. This distribution helps us in identifying the products easily at time of delivery for bulk demands of our clients. We also offer customized solutions of our products at specific demands of our clients.
